MEMORANDUM FOR: Chief, HTAUTOMAT

25X1X7

SUBJECT : Preparations for [REDACTED] Consultation

1. I am writing on behalf of the Ad Hoc Requirements Committee to say thank you for a big job done extraordinarily well and at great personal inconvenience to [REDACTED] and his staff in preparing the materials to be used in our [REDACTED] consultations. 25X1A9a

2. Despite the fact that we began our preparations two weeks ago and pushed them ahead as rapidly as possible, I regret the brunt of the labor fell upon [REDACTED] and his people at such time as to cause them real pressure. Though I and, I'm sure, others have come to expect this kind of performance from HTAUTOMAT, I confess I am a bit ashamed when I find myself unintentionally taking advantage of the boys' good nature.

3. I have examined the materials, and they have been prepared with neatness and imagination beyond my expectations.

4. I would want all of those who participated to know that their labor does not go unappreciated and that I consider their work a significant contribution to the hoped for success in our talks with [REDACTED] 25X1X7

5. I would like also to make special reference to the recently completed target listings compendium which has now been revised by [REDACTED] in consultation with the representatives of the ARC. This was a big and tedious job which, now completed in its new format, will greatly facilitate the work of all agencies as well as Operations in daily reference to it.
